A composite image. On the left is an orange trapezoidal shape containing the "j5create" logo in white. To the right is a screenshot of a website with a dark theme. The website has a navigation menu with "Shop", "Where To Buy", "Support", "About Us", and "Sale". A Windows installation wizard window is overlaid on the website. The window title is "j5 USE DISPLAY ADAPTER". The wizard text says "InstallShield Wizard Complete" and "The InstallShield Wizard has successfully installed j5 USE DISPLAY ADAPTER. Before you can use the program, you must restart your computer." There are two radio button options: "Yes, I want to restart my computer now." (selected) and "No, I will restart my computer later." Below the options, it says "Remove any disks from their drives, and then click Finish to complete setup." At the bottom of the wizard are buttons for "InstallShield", "Back", "Finish", and "Cancel".
